Local Mercantile Business Changes Hands

For the first time in 30 years Brewerton's are not in the Mercantile business in Raymond. It was on the 1st of May in 1915 that they started in a confectionery and soft drink store and since that time they have catered to the needs of the public of Raymond in Groceries and Clothing and other lines constantly.

On May 1st, Paul Fairbanks and Co. purchased the stock of Brewerton's Dry Goods and Ladies Wear and Boots and Shoes and took over the management of same, with Mr. and Mrs. Paul Fairbanks, "Paul" and "Mary" to the customers in charge. G. H. Brewerton, who has managed the store for many years past is taking a well earned vacation, with his future plans indefinite.

The years of operation of the store under Brewerton's management have been successful and have been marked by a high degree of service and we are sure that the new management will render the same high standard of courteous and efficient management to the buying public.

"BIDDY" AND FRANCON SAFE

Joy knew no bounds and relief was decidedly marked on the faces of the parents when word was received Monday morning that P.O. Vert Meldrum and P.O. Francon Selman were both safe in England after their release from Nazi prison camps following the advance of the Allied forces.

Francon had been a prisoner for 26 months and Biddy for 14 months. Neither boy had been heard from for some time, and with the reported atrocities in the concentration camps, unearthing by the advancing Allies, the families of both these boys were terribly worried. It was a great relief indeed when they heard that the boys were safe and well and again on British soil.

Mrs. Maurice Cooper of Picture Butte has spent this week visiting relatives and friends in Raymond.

Raymond Proud of Red Cross Contribution

Raymond can indeed be proud of the showing that was made this year in the canvas for Red Cross funds, as the total now is \$3,075.15. This amount is slightly below last year's total, but there are still some canvassers who have not as yet turned in their collections, owing to their canvas not being completed. It is hoped these will not be long delayed, as it is desirable to get our drive completed.

The chairman of our drive was the late J. W. Evans, and his work was carried on efficiently and with out regard to the conditions which arose that seemed at times almost insurmountable but he had an interest in the work, and in the organization which he thought was the greatest in the world.

Sincere appreciation is extended for his splendid efforts and to the Rotary and Lions Clubs and all those who gave freely of their time and to you the public, who was so magnanimous in your contributions, towing gilders into the front lines. Special thanks is extended to the Stirling division, and their canvassers who did such a "swell job", a lot of questions about the local Red Cross Committee are grateful to all who assisted in that day. Most of the time any way in this drive, and they quite a few of them say "thank you," with sincerity.

NEWS NOTES

Satisfactory progress is reported at the Stirling oil well site, with the soil formation more sandy and porous than ours is here.

Lloyd Hepler and Ludwig Letal, both of whom were garage mechanics here have gone together in a garage in Barons. Congratulations and best wishes for the success of these two men.

Raymond has had a large number of births recently according to the Doctor. On Monday of this week there were sixteen patients in the hospital, most of them maternity cases.

Misses Sara King and Iris Jones are enjoying a holiday at the Pacific Coast with the Dr. P.M. Hain family. During their absence Miss Hazel Davis is in charge of the Beauty and efficient management to the buying public.

Marshall Hever, who has been working on the Pacific Coast for the past three years or so is at home for a few weeks with his folks before he goes up into the Drumbler district to start farming operations there.

Neil Fisher, former Raymond resident and son of Mrs. J. E. Fisher, was elected to the Missoula city council recently and will be Police Commissioner in that city. The news paper report shows this to be an important position in the city and we congratulate Neil on his election.

The Seventies group of the Raymond 2nd Ward seeded their farmland Wednesday of this week when five tractors and three drills gathered there early in the morning and worked and seeded the 90 acre field before night. The summer following is to be done at a later date by other members of the group.

"The North Star" which showed at the Capitol the first of the week was a picture that brought out the horrors of war to a marked degree and the acting was outstanding. Many people spent most of their sleeping hours trying to keep away from the Nazis after watching this picture.

J. M. Mandley returned home Tuesday after spending the winter in the Utah and California. He spent considerable time in Las Vegas, Long Beach and St. George and enjoyed it all. He says the climate look good to him as they are starting to come out in their robes of green.

Guy Christian of the United States Army is home on a ten day leave arriving Sunday. Guy looks fine and says he is greatly enjoying his experiences. He is playing with a dance band from his unit and has played several military hospital programs, R.S.O. programs and so on. He says Raymond seems very quiet but very enjoyable after so many months away.

Bob Johnson of the R.C.A.F. and brother of Mrs. J. S. MacLellan was at the Stirling here over the weekend on Rotary and Lions Clubs and all leave and spoke in Rotary on Monday those who gave freely of their time and to you the public, who was so magnanimous in your contributions, towing gilders into the front lines. Special thanks is extended to the Stirling division, and their canvassers who did such a "swell job", a lot of questions about the local Red Cross Committee are grateful to all who assisted in that day. Most of the time any way in this drive, and they quite a few of them say "thank you," with sincerity.

Are We Behind Them

Our City Dads are wondering, and too, it would appear from present not without reason, if they have the indications that labor will be about citizens behind them 100pc. in the ant for needs, and with the advance proposed improvement programme in construction methods, it may surprise which is now under study, and for prize even the most conservative of which surveys have been made? us what our money will get for us. The preliminary surveys are complete. The extremely cautious will say and report of approximate costs "it means debentures and indebtedness is expected on every mail. A roughness. That's right. But we have estimate on total costs of the proposed debentures before and paid posed programs will be about \$250,000, them, and our prospects were not nearly so bright than as they are.

Yes, it is a lot of money we need now. In our opinion we should get it. But consider what the cost over our public utilities to such a point all to the citizens of our town and of such a nature that people mounts to in the high water table, seeking a place to build a home will flooded basements, flooded septic he attracted to Raymond for its tanks, alkali making lots unfit for utilities. It's community beauty, and any kind of crop, broken car springs, it's low tax rate. It can be done and ruined shoes and clothing, and do it will be done. Like other towns we ons of other things, all resulting have our problems, but our commu directly or indirectly from lack of growth and progress lies in our drainage, poor roads and irrigation meeting and surmounting our difficulties in the town, and we have no facilities. A good and abundant water mentioned our "modernized" water supply, complete sewage and disposal for the town and a road and side.

Speaking for ourselves and for walk building and improvement the few citizens we have talked with would go a long way toward with, it is time we went ahead. We building a community spirit that have been marking time far too long, would mark a period of building. We have paid a good high tax rate improvement, new industries, and so have all our debentures, paid off, a can and would surprise us all. Let the Council know we are enthusiastically behind their program and are anxious for them to get start our programs of progress. Then it going.

NEWS NOTES

Mrs. Ursie Walker is visiting for awhile with her parents (Mr. and Mrs. Karl Schneider. She arrived in Raymond Friday night.

Miss June May was guest of honor at a birthday party at the May home Saturday evening last. Fifteen guests at a home again.

J. U. Allard of Logan, Utah, old-time resident of Raymond, was here first of the week after a vacation in Utah and California. She reported a fine trip but is glad to be back at home again.

More rain over the weekend and over the weekend and for a few days. Weather has been dry since last here. He is still very in-Monday and work, on the hand has interest in Raymond and always been pushed with all possible speed, enjoys getting back for a few days.

Quarterly Conference This Week End

JOINT CLUB MEETING

A joint meeting of the Lions and Rotary Clubs is planned for the Opera House or 2nd Ward Church next Monday evening at 7:30 and the honored guests of the evening will be the members of the Union Jacks Basketball team and their management, honoring them for the fine showing they made in their quest for the Dominion Basketball title.

All the details are not worked out as yet, but it is suggested that other guests of the evening be all the boys in the services who are home on leave, or who have recently been discharged. A live program of singing and speeches will follow the luncheon hour.

VICTORY LOAN TOTALS

Ottawa May 3rd: Raymond Recorder Eighth victory loan sales Wednesday day totalled \$90,552,000 compared to \$85,284,250 on the corresponding date of the seventh victory loan. Total sales to date reached \$667,592,159 against \$661,097,750 at the same point in the last loan.

National War Finance Committee Raymond's total sales to noon Thursday day, \$261,000.00 for a district quota of \$224,000.00. Good going Raymond.

NEWS NOTES

The world would probably breathe easier if any credence could be put in the report of Hitler's death. May be it just seems to good to be true.

Members of the R.C.A.F. home on leave over the week-end were Asa Atwood, Jimmy Weaver and Edwin Rasmussen Jimmy has a two week's leave.

The Sugar City Motors have purchased a nicely painted service truck. "Howard" hopes to extend his service to his customers by better serviced to his customers by better new acquisition.

Tom Witbeck, Steele Brewerton and Douglas Allen arrived home Saturday night after completing their year's work at the University of Alberta in Edmonton.

Mr. and Mrs. E. N. Christensen left for Las Vegas, Nevada, Tuesday afternoon from Craddock for a six week's visit with his brother there. His physical condition is such that the Doctor thinks this change will do him more good than anything else.

Eric Anderson of the 2nd Anti-Tank regiment arrived home Tuesday morning after being away from home for nearly five years. Eric is fine and is glad to be home again and was delighted with the improvements in the town in the way of new buildings and so on. Eric is the oldest son of Mr. and Mrs. Julius L. Anderson.

Sometimes one almost laughs. The Dominion Government talks about the favorable egg contracts has been for a number of years. signed with Great Britain, and yet prices have never been more than a cent above the floor locally all winter and hundreds of growers are not raising baby chicks this year. Where will the Government get the eggs and if the contracts are so good why not give the producer a few more cents per dozen for the product? What's the use of good contracts if there are no eggs to fill them with?

Quarterly Conference of the Taylor Stake of Zion will be held in the Stake House this week-end with Elder Geo. F. Richards of the Council of the Twelve and Presiding Bishop LeGrand Richards representing the General Authorities of the Church.

A meeting was held at Stirling Thursday night at which the two visitors spoke, to give the people of Raymond meetings, a chance to hear them.

Tonight, in the Opera House a social evening is planned, especially for the young people of the Stake of the Atonic Priesthood age and young ladies from 12 to 24. This is the culmination of an attendance contest over the last three months between the six wards of the Stake. A program will be given followed by refreshments and dancing.

Saturday night at 6:00 p.m. a Welfare meeting will be held with all Stake and Ward Welfare workers in attendance. At 8:00 p.m. Saturday night an Atonic Priesthood Leadership meeting will be held in the Stake House, the Stake Presidency and High Council and the Committee and Adult Atonic Priesthood work.

At 9:00 a.m. Sunday a General Priesthood meeting will be held and the General Conference sessions will convene at 10:30 a.m. and 2:00 and 7:00 p.m.

Roy Overn of Magrath was a Raymond visitor Thursday forenoon.

To The Public

After thirty years of operation by the Brewerton family the Broadway Store is changing ownership. The stock in trade has been purchased by Paul Fairbanks and Co. The business will continue to be operated under the name of The Broadway Store.

The writer feels he is expressing the wishes of his father and Lee as well as his own when he says it has been a pleasure, deeply appreciated to have served the people of Raymond and District. The friendships and contacts will always be happily remembered.

If we have merited any good will we hope it will continue to be extended to The Broadway Store, Mr. Fairbanks, we know will endeavor to please his patrons.

Again I thank you
Sincerely
Geo. H. Brewerton

Farm Work Being Pushed

With the improvement in the weather conditions this week, work on the land has been going on since Monday afternoon, and in some fields outfits are working round the clock to get the crops worked and planted.

Generally speaking the seed in the best shape for planting that it is. True, the storms delayed a cent or two, but the moisture a cent above the floor locally all winter and hundreds of growers are not raising baby chicks this year. There are no places to push the seed bed is almost ready. There are no places to push the seed bed is almost ready. There are no places to push the seed bed is almost ready.

A MESSAGE FOR FARMERS

Canadian farmers are confronted with a rare opportunity to do some ward the improvement of his farm effective planning in their own enterprise, improvement of his farm interest and in that of the nation, home, the future welfare of his family. W. D. Albright declared recently in the possibility of setting a

Alberta, Canadian farm income, which reached a low of \$383,000,000 in 1932, has risen to \$722,000,000 in 1939 and to \$1,748,000,000 (estimated gross income) in 1944. While a good deal of the jump is represented by price increase, volume has held up well. Every important wartime goal upon Canadian farm production has been substantially met, or more than met, in spite of labour shortage and the shortage of new machinery. But while this magnificent record was being achieved, the farm plant has been running down at heel, and that cannot go on forever. It is a good time for each farmer to sit down and carefully consider a de-

KNOW the TRUTH about the C. C. F.

The San Francisco Conference is on. The C. C. F. has always taken a clear stand on the question of international co-operation for peace after the war.

Canadian people established a police force to administer laws as subscribed to by the majority from time to time among whom are included some of nearly every race in the world. This has worked out fairly well for all concerned.

The world has now become so small with modernized communications and transportation, that nations once far removed from us have become our neighbors.

Therefore, we must be prepared to exchange goods and services on a fair basis, and international authority must be set up to curb aggressor nations before they attack smaller nations. That can only be done by an international police force supported by all the United Nations. War as a means of settling disputes must be abolished from the earth.

skid something for a nest egg and keeping it as a reserve against contingencies. Victory Bonds are the ideal means to these ends but it must be remembered that \$1.00 will not do the work of \$2.00. Each farmer must consider what he needs most. Perhaps it is a well or a dug-out, or water on tap in the house, or a new barn, or a new house, or a new tractor, or some good stock. Make a list of the desirables and review it carefully.

And don't be in too much of a hurry to spend it all. There may be a buying spree after the war, as there was after the last war, in which case prices will strain the controls. Some of the dollars may buy more if they are held two or three years after the war. By buying bonds now and thinking out a careful plan of using the proceeds later on we may not only help to win the war but help to win the peace as well.

YOUR CANNING SUGAR

The canning sugar ration will be the same as last year—ten pounds per person. This is obtainable with 20 extra preserves coupons worth 1-2 pounds of sugar. We suggest that housewives who propose to do their own canning should make a note of the number and validity dates of these EXTRA PRESERVES COUPONS as it is to be sure that the sugar they get with them is used for canning and doesn't just disappear into the family ration. Here are the dates and some of the numbers—they are the extra ones and do not include the regular two-a-month coupons:—

March 15th—43 and 44 (2)
May 17th—49 to 56 inc. (8)
July 19th—10 coupons

(numbers to be announced)
They are good for the purchase of preserves if you do not wish to do any home canning.

John Bracken — The Man

John Bracken, the son of a farmer Ephraim Bracken and his wife, Alberta, was born in a log cabin in Ellisville, Leeds County, Ontario, on the 22nd of June, 1883.

Here, briefly chronicled, are the main events in the life of John Bracken:

- 1898 - Student at Brockville Collegiate, Ontario.
- 1902-5 Student at the Ontario Agricultural College, Guelph. He won four scholarships, the Governor-General's Medal, was top honours student and class medalist. Here, too, he met Alice Wylie Bruce.
- 1906 - Young Bracken went to Winnipeg as representative of the Seeds Branch of the Dominion Department of Agriculture.
- 1907 - In the neighbouring Province of Saskatchewan, John Bracken became Superintendent of Fairs and Farmers' Institutes and Secretary of the Provincial Livestock Association.
- 1910 - John Bracken was appointed Professor of Field Husbandry at the new University of Saskatchewan. He took the first train to Guelph, Ontario, married Alice Wylie Bruce. Four sons were born—three of whom are now on Active Service with the Navy, Army and Air Force.
- 1920 - Already the author of two books on agriculture, John Bracken became President of the Manitoba Agricultural College.
- 1922 - John Bracken accepted the leadership of the Progressive Farmer Government, was sworn in as Prime Minister of Manitoba.

Now began the political life of the most continuously successful political leader the Empire has produced in this century. Since that day—from 1922 to 1942—John Bracken has never been defeated.

- 1932 - The Liberals joined John Bracken's farmer government.
- 1940 - All the other political parties, including the C.C.F. and Social Creditors, threw in their fortunes with a great leader forming a wartime Coalition Manitoba government.
- 1942 - The year of John Bracken's great decision John Bracken, the Progressive, accepted the national leadership of a great resurgent people's party—The Progressive Conservatives.

BUDDING AND GRAFTING OF FRUIT TREES

A new chart on "The Budding and Grafting of Fruit Trees" has just appeared for distribution. This folder issued by the Experimental Farms Service, Dominion Department of Agriculture, was published as a result of a meeting of the Western Society of Canadian Horticulture held last year. In this folder the different types of grafts and buds are illustrated in detail. The illustrations are actual photographs of budding and grafting showing the important steps in each operation.

The first four pages deal with a general explanation of terms such as top-working and frame working, the kind of rootstocks to grow for grafting and budding apples, pears, plums, sand cherries, cherries, and hybrids. An explanation is also given on how scion wood may be gathered. It is essential to keep scions dormant until they are set in the stock and so directions are given for storing.

The difference is noted between budsticks and scion wood. Stratification periods are given for different types of seeds as well as directions

for budding and grafting operations, proficiency and speed in using the knife are stressed.

Among the grafts described are the bridge grafting done when there is damage to the bark on the trunks of the orchard trees, cleft grafting perhaps used more widely than the other forms, and whip and tongue grafting. Root grafting is also described although this has to a certain extent given way to budding of which the two forms Shield or T budding and Jones budding are both explained.

For those who are interested in budding and grafting, this folder will be exactly what they have been looking for. A copy may be obtained free of charge from the Dominion Experimental Station, Lethbridge. Write for yours now.

President M. T. Kling and Elder Alma Sommerfeldt were speakers at the 2nd Ward Sacrament meeting and both gave interesting talks. Pres. Kling reporting on some of the highlights of the recent Conference in Salt Lake City. There was a large congregation present.

"An army can move only as fast as its supplies." That truth is well established. Engineers and infantry need artillery support. All need ammunition... food... and they need moral support... proof that we, at home, are doing all we can to back them up.

Attack wins objectives. Support wins Wars.

And that is where we, on the home front, fit into the war programme. We must furnish support. We must buy more Victory Bonds.

Bear in mind that part of the money which Victory Bonds provide is used

to buy foods which Canadian farmers produce and which is needed to feed our fighters and the fighting forces of our allies.

Victory Bonds are a good investment... the safest place that you can put your savings. You should buy them to have money for things you want to do when the war ends. (In case of emergency you can get cash for them.) All the money you invest in Victory Bonds comes back to you eventually. Meantime your bonds earn 3% interest.

Your banker will tell you it's good business to put your savings into Victory Bonds.

IT'S OGILVIE—IT'S GOOD

REFUGEES MAKE GOOD

When Hitler overran Europe Canada opened its doors to a few, a very few—refugees, and 1918 against strong opposition from those who thought all refugees were liabilities. Now, according to the Canadian National Committee on Refugees, these newcomers have established 45 industries in Canada with an investment of \$7,563,000 and an annual output of \$40,000,000. Of this total two thirds are war goods. And of 125,000 employees in the industries 87 percent are Canadians.

The liabilities have turned out to be substantial assets. Canada, like Britain all through its history, has benefited from the energy of nations which drive out some of their best citizens. The refugees have brought us, as they have often brought Britain, new skills, new methods of manufacture and new ideas that we can use. Maybe they don't speak English very well but they do talk the language of productive self-reliance.

KEEP FRIENDS WITH YOURSELF

The late Sir Hearn Deterding, Dutch-born British magnate of far-flung enterprises of colossal dimensions, surely must have known something about "worry" if anyone did. Once he said this about it:

"It's worry that chisels the lines in a man's face. And there is, in most cases only one cause for worry. We do not worry so much about the difficult problems we have; the thing that makes us worry is the feeling that we have not done all we should have done to meet a situation. Most real, heart-eating worry comes from self-reproach. I try to avoid that. If, during the day, I look squarely at every problem and do the very best that is in me to meet it, why, at night when I go to bed I can feel friendly with myself and sleep soundly. If there is in my mind a feeling that I neglected something, or didn't meet some issue squarely, or that I tried to escape it, or did not give the job my very best, I feel unfriendly with myself, and I am worried, and my sleep is slow to come. And so I try to keep friends with myself."

Simply ask your relative in the forces to supply you with Form S. R. 12 D A. and A P. which is the Army form," he explained.

Your own Right Hand can set your POST-WAR BONUS...

THIS HAND—this right hand of yours and mine, of millions of Canadians—gives answer once again.

The call is for double-duty dollars... to provide for the nation's security now, for our personal security tomorrow.

Your right hand holds your POST-WAR BONUS—the finest investment in the world... the Victory Bonds of Canada.

Do You Need Financial Assistance to Buy Bonds...?

With a small down payment, you can easily arrange purchase through our Time-Loan Plan, paying the balance in easy monthly instalments.

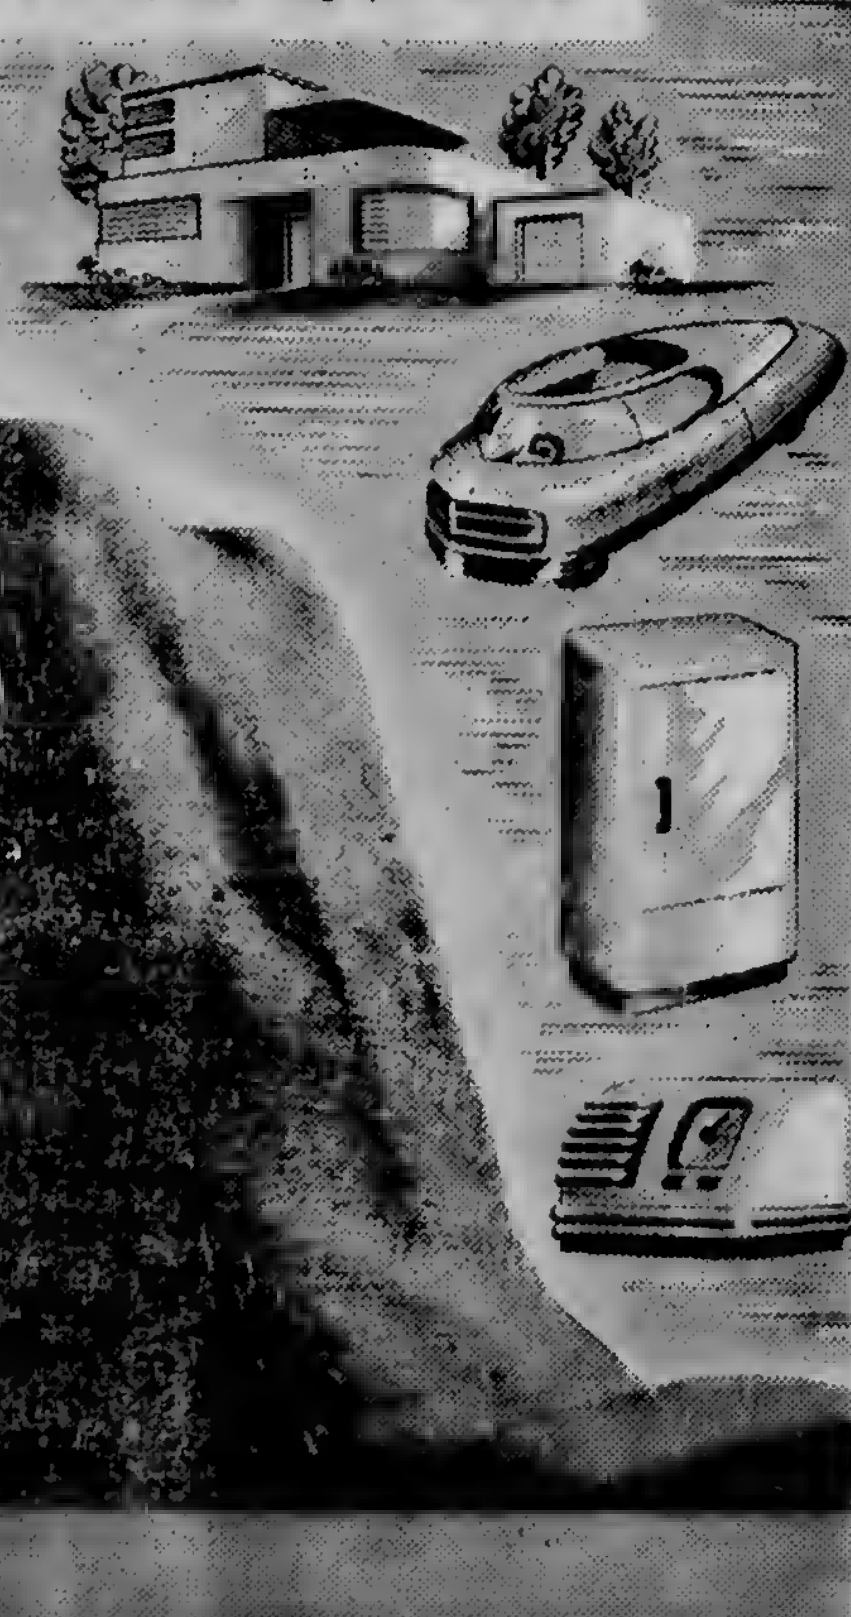

Keep your Bonds SAFE...

Your Victory Bonds are as valuable as cash... don't rely on the desk or dresser drawer for their safety when our vaults provide protection at such small cost. For 10c. per \$100 per year—minimum charge 25c.—we will place your bonds in our vaults for safekeeping.

BANK OF MONTREAL

TO OUR CUSTOMERS: We urge you to draw on your deposit accounts to the limit of your capacity... to help meet the immediate financial needs of the nation and to enable you in the post-war years to have the financial reserve you need or to buy those things you want most.

The Forces Discuss
